Westpack

Product Name	Optica - Hard Shell Eyewear Case, Large
Item Number	00310081272
Materials	Grey leatherette/Black velour lining
Dimensions	64 x 167 x 42 mm
Total weight	161 grams

Compliance

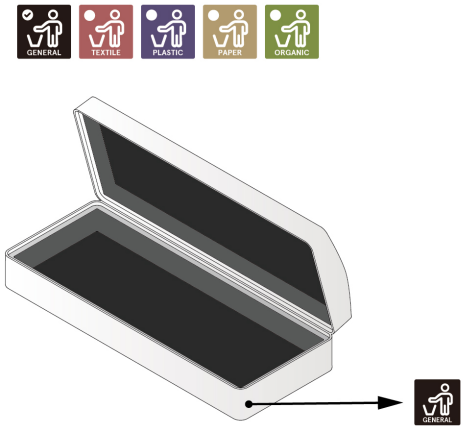

Assessed against the requirements of Regulation (EU) 2025/40 (PPWR)	Yes
Assessed according with applicabale Extended Producer Responsibility (EPR) regulations	Yes
Waste management systems according to std. DS/EN 13430	Yes

Properties

Country of origin	China

End-of-life instructions

Recyclable in accordance with PPWR	0.00 %
Non-recyclable	100.00 %

End-of-life instructions are for guidance only.

National and local rules and regulations must be followed at all time.

Percentages of components

Plastic	5.31%
Organic Glue	14.12%
Leatherrette	14%
Metal	66.56%

EPR Compliance (Extended Producer Responsibility)

This packaging has been assessed in accordance with applicable Extended Producer Responsibility (EPR) regulations. Based on this assessment, Westpack fulfils its obligations for the packaging types for which it is legally responsible.
For customer-specific primary packaging, EPR responsibility lies with the customer, while Westpack is responsible for secondary and transport packaging, including reporting to relevant authorities.
Compliance is based on available documentation regarding packaging volumes, material types, and applicable reporting requirements.

PPWR Compliance (Regulation (EU) 2025/40)

This packaging has been assessed against the requirements of Regulation (EU) 2025/40 (PPWR). Based on the current review, it is considered to fulfil the relevant environmental and design requirements under Articles 5-12.
Compliance is supported by available technical documentation, including material specifications, recyclability assessment, and supplier information, which can be provided upon request.
The assessment is based on the material composition of the packaging and applicable recyclability standards. Minor components may have a limited impact on the overall recyclability.Westpack declares that the packaging complies with the heavy metals limit as defined under Article 5 of the PPWR (Pb, Cd, Hg, Cr(VI) ≤ 100 mg/kg), and this statement constitutes a Supplier's Declaration of Conformity for the packaging covered by this document.
EU Declaration of Conformity is found in the end of this document.

Westpack

Product Description

Component Material	Specification
A jewellery case consists of a lid, a base, and an insert used to secure jewelry, watches, or eyewear, and is made from several different types of materials.	Wood – MDF made from recycled material Textiles – Organic cotton or velour Plastics – PET, rPET, or polyester Mineral materials – e.g., metal, natural stone, and similar
Primary use	Packaging for shipping and presentation of jewellery, watches, and eyewear.

Preventive Measures and Safety Precautions

Area	Measures
Chemical safety	Use of REACH-compliant, organic materials. Documentation for all adhesives and colors.
Fire hazard	Statutory fire protection measures are applied during storage and use.
Mechanical protection	Foam inserts are dimensioned to protect sensitive contents such as watches and glasses from impact and pressure.
Marking and tracing	Batch number, producer information, FSC logo.
Environmental aspects	Guidance on sorting, product declaration, use of recycled materials.
Design	High aesthetics and functionality, no sharp or rounded corners, no loose parts under normal use.

Applicable Legislation and Standards

Legislation / Standard	Requirement / Certification
GPSR (EU) 2023/988	General Product Safety
REACH (EC) No. 1907/2006	Restriction of Hazardous Chemicals
ISO 14001	Environmental Certification
FSC	FSC Certified

Assessment of Safety and Environmental Risks and Impacts

Hazard category	Likelihood of occurrence	Degree of severity	Initial risk level	Mitigation measures / Remarks	Residual risk level
Chemical exposure (printing inks, adhesives, foam)	Very unlikely	Moderate	Low	All materials are REACH compliant, and therefore no additional measures are required.	Low
Mechanical injury (sharp edges, cuts)	Very unlikely	Insignificant	Low	Some jewelry boxes have edges, but not sharp ones. The risk of injury during use is minimal.	Low
Fire hazard (flammability)	Very unlikely	Moderate	Low	Some jewellery cases are combustible. Recommended storage is away from heat sources. Consider using flame-retardant foam for special requirements.	Low
Choking hazard (small loose foam parts)	Very unlikely	Critical	Moderate	Not relevant for adult use. No loose or removable parts. Warning labels may be applied as an additional precaution (see data sheet).	Low
Environmental risk (waste, material handling)	Possible	Critical	High	Jewellery cases cannot be recycled and must therefore be disposed of as general waste after use.	High
Collapse or deformation	Very unlikely	Moderate	Low	Construction is stable, and with a generally low shipping volume, the weight and risk of deformation are relatively low.	Low

Conclusion

As jewellery cases are manufactured in high quality and are considered durable products that are not designed to be discarded, we have decided at this time not to further pursue making this product more recyclable. The product is a sales/presentation item consisting of many different components that cannot be separated in the same way as our other products. These other products are more closely regarded as packaging and therefore place a stronger focus on recyclability in alternative forms and are designed in accordance with design for sustainability principles.

Westpack

EU DECLARATION OF CONFORMITY

In accordance with Regulation (EU) 2025/40 on packaging and packaging waste (PPWR)

1. Identification

Declaration no.: DoC-PPWR Jewellery Cases
Date: 7th of July 2026
Version: 1.0
Scope: The packaging products and variants listed in the product overview/annex.

2. Manufacturer

Westpack A/S
Sletten 21
DK-7500 Holstebro, Denmark
This declaration is issued under the sole responsibility of the manufacturer.

3. PPWR Assessment and Declaration of Conformity

The packaging has been assessed in accordance with Article 10 of Regulation (EU) 2025/40. Any internal space is necessary for product accommodation, protection, positioning and presentation. No unnecessary packaging volume or empty space has been identified.

The stated recyclability percentage does not represent a PPWR recyclability grade (A, B or C). PPWR grading will be applied when the official EU methodology becomes applicable.

Westpack A/S hereby declares that the covered packaging has been assessed and found to comply with the relevant requirements of Regulation (EU) 2025/40, including requirements for material composition, restricted substances, recyclability, packaging minimisation, traceability and documentation, where these requirements are relevant to the packaging concerned.

4. Covered packaging

This declaration covers packaging products within the same packaging family, material types and compliance basis. The products are identified by product name, item number, product type, dimensions, weight and material composition in the product overview/annex.

5. Technical documentation

Conformity is supported by relevant technical documentation, including product data, material weights, supplier declarations, product declarations, recyclability assessment, chemical documentation and traceability information. The documentation is retained by Westpack A/S and made available upon request from relevant authorities.

6. Product overview / annex

Product name	Optica - Hard Shell Eyewear Case, Large
Item number	00310081272
Materials / Product type	Grey leatherette/Black velour lining
Dimensions	64 x 167 x 42 mm
Weight	161 grams
Materials / remarks	Documented in technical documentation – by request
